

# How to Talk, How to Listen: Reimagining Dementia!

Join us for a free interactive workshop that challenges the ways we have been taught to communicate, and reimagines creative solutions to better connect to those we love.

As part of the “Taking It To the Streets” campaign of the Reimagining Dementia Coalition, we will lean into new ways to think about communication based in a social-emotional context and improv.

This group is open to everyone, persons with dementia, care partners, family, friends, people grappling with aging, and everyone interested in transforming the dementia experience from stigma and fear to joy and growth.

SAT OCTOBER 14TH

10-11:30 PST / 12-1:30 CST / 1-2:30 EST

**Please RSVP to the event on Eventbrite**
